

Did you know that the New York Times recently deemed Chicago the hottest market in the country for a new generation of popular children's artists? "With its thriving live children's music scene and family friendly recording artists, Chicago is the capital of cool kids' music." Highly acclaimed Chicago actress and singer Cory Goodrich proves just that!

"WIGGLY TOES is captivating for all ages, I've seldom heard a recording with such infectious rhythm, playful lyrics and high production values. BRAVISSIMO!!!"

If you're looking for an album that will lull your child into sweet dreams - "Hush" is it! Cory's voice is blissfully sweet and angelic as she sings wonderfully composed songs for sleepy time. My 2 year old daughter requests this CD every night at bedtime. A must have for winding down those excited toddlers. Thank you Cory, I cannot wait to hear what's next!

Cory's voice is so pure and bubbly. You can just hear her smiles while she's singing. This CD is excellent for car trips or just dancing in the house. Wonderful for kids of all ages <wink, wink> as I find that I am singing these songs while showering and driving.

I got my copy of Wiggly Toes after listening to the samples on Cory's website. Her music is fabulous. My 2 year old son loves to dance to the music and his favorites are "Senorita Poopy Pants" and "Mind Your Ps and Qs." If you're looking for some fun kids music that won't drive you crazy while listening to it in the car, this is the one for you.

This is a lovely recording!! The songs are sweet, charming, and beautiful- not saccharin or overdone tunes either. It is to be enjoyed by parents and children alike -- it helped me "chill out" one afternoon when my 4-yr.-old was taking one of his rare naps!! It is sure to become a favorite when I have my next baby in October! Definitey worth it - A+++!!

FINALLY! "REAL" kids music! Thank you Cory's House for producing something that isn't so sticky sweet! This is the first kids CD that we've bought that we could actually listen to the entire thing! My son (2 years old) and my daughter (9 months) both love it!
